Karachi, Pakistan

Skyline & Contractors is a registered government contracting firm delivering roads, public buildings, drainage networks, sewerage systems, water supply schemes and solar infrastructure.

Our completed portfolio includes projects for Provincial Highways, Public Health Engineering, Communication Works, Education Works, Municipal Corporation Hub and Local Government departments.

We have successfully completed individual construction works as well as multi component projects involving civil construction, solar systems, pumping machinery and pipeline networks.

Our Mission

To deliver dependable infrastructure through disciplined planning, responsible construction and compliance with approved specifications.

Our Vision

To become a preferred government contracting partner recognised for technical capability, transparent management and reliable project delivery.

Core Values

- ✓ Integrity
- ✓ Accountability
- ✓ Quality
- ✓ Safety
- ✓ Transparency
- ✓ Technical Discipline
- ✓ Public Responsibility

DRAINAGE WORKS

PIPELINE WORKS

PUBLIC BUILDING WORKS

WATER SUPPLY SCHEME

SOLAR WATER INFRASTRUCTURE

SEWERAGE SYSTEMS

“

At Skyline & Contractors we understand that every government project represents an investment in communities and public services.

A road improves connectivity. A drainage system protects neighbourhoods. A water supply scheme supports public health and a solar installation provides essential services where conventional energy may not be available.

Our completed project portfolio reflects the confidence placed in us by public sector departments across Sindh and Balochistan. We have successfully delivered municipal improvement works, road construction, institutional buildings and major multi component water supply projects.

Our management and engineering teams remain committed to proper planning, approved materials, responsible supervision and timely coordination with client departments.

We aim to build infrastructure that performs reliably and continues creating value for the communities it serves.

01

Roads and Civil Infrastructure

- Blacktop and asphalt roads
- Rural and municipal link roads
- Causeways and culverts
- Road rehabilitation
- Tuff tile and paving works

02

Water Supply Infrastructure

- Solar water bores
- Community water tanks
- Water storage facilities
- HDPE and PVC pipelines
- Pumping machinery

03

Drainage and Sewerage

- Surface drainage systems
- Sewerage pipelines
- RCC slabs and drain covers
- Disposal systems
- P.E. rising mains

04

Solar and Electrical Works

- Home solar installations
- Solar water pumping
- Solar streetlights
- Electrical installation
- Diesel generators

05

Building and Institutional Works

- Government buildings
- Educational facilities
- Hostels and public offices
- Multipurpose halls
- Boundary walls
- Renovation and rehabilitation

ENGINEERING AND SAFETY TEAM

	Asghar Ali Pahiyar Mechanical Engineer	
	Sadam Hussain Planning Engineer Civil	
	Ghulam Muhammad Chief Safety Officer	
	Faheem Ahmed Electrical Engineer	
	Sarwan Ali Site Engineer	
	Muhammad Kamil Quantity Surveyor	
	Kamran Electrical Supervisor	

SITE OPERATIONS AND SUPPORT TEAM

	Altaf Hussain Finance and Accounts Officer	
	Parvez Ahmed Ujjan Site In Charge	
	Ghulam Hussain Civil Works Supervisor	
	Abdul Wahab Land Surveyor	
	Ikhtiar Ahmed Mechanical Supervisor	
	Mir Umar Draftsman and AutoCAD Operator	
	Majid Ali Solar Technician	
	Qaisar Ali Plant and Equipment Operator	
	Mir Dost Store and Logistics Officer	
	Bashir Ahmed Administration and Documentation Officer	

Skyline & Contractors has successfully completed government road projects across rural settlements, municipal areas and developing communities.

Our completed experience includes blacktop roads, asphalt surfacing, link roads, causeways, RCC culverts, sewerage support and associated municipal development.

Our Road Work Scope

- ✓ Site clearing and earthwork
- ✓ Subgrade preparation
- ✓ Aggregate subbase and base course
- ✓ Asphalt and blacktop surfacing
- ✓ Road widening and rehabilitation
- ✓ Causeway construction
- ✓ RCC culverts
- ✓ Roadside drainage
- ✓ Tuff tile and paving work
- ✓ Road shoulders and edge protection

Our Delivery Standards

- ✓ Execution according to approved BOQs
- ✓ Departmental specification compliance
- ✓ Accurate site measurements
- ✓ Material and workmanship control
- ✓ Coordination with the Engineer In Charge
- ✓ Proper completion and handover records

Skyline & Contractors has completed water supply projects involving civil works, solar power, pipelines, pumping machinery and storage facilities.

Key Capabilities

- ✓ Solar powered drinking water bores
- ✓ Agriculture bores for drinking purposes
- ✓ Community water tanks
- ✓ Water storage tanks
- ✓ HDPE and PVC pipeline networks
- ✓ Pump and machinery installation
- ✓ Solar pumping systems
- ✓ Testing and commissioning

Extension of Gaddani Jail Phase I

- Department: Communication Works Physical Planning and Housing Department
- Location: District Hub
- Accepted Bid Cost: **PKR 865,712,295**
- Tender Position: 0.25% below CSR 2023
- Performance Security: **PKR 86,571,229**
- Mobilisation Guarantee: **PKR 86,571,229**
- Status: **Completed**

Storage Tank and Water Supply Scheme Khipro Phase I

Scope included construction of a storage tank, compound wall and repair of the existing storage tank.

- Department: Public Health Engineering
- Contract Value: **PKR 38,680,853**
- Schedule Rate: 44.45% above
- Position Against Estimated Cost: 0.74% below
- Status: **Completed**

Reconstruction of Education and Literacy Field Offices

Facility for the District Education Officer ES and HS Matari.

- Department: Education Works Division Matari
- Contract Value: **PKR 15,206,220**
- Civil Schedule Items: 17.70% above
- Water Supply and Sanitary Items: 9.90% above
- Status: **Completed**

01 Road From Lakhmeer Shakh to Village Hashim Rind

Route through Village Gainch from Mile 0/0 to 1/0.

- Road Work: **PKR 16,316,421**
- Asphalt Work: **PKR 7,434,202**
- Two RCC Culverts: **PKR 2,063,607**
- Base Amount: **PKR 25,814,231**
- SRB at 5%: **PKR 1,290,712**
- Total: **PKR 27,104,942**
- Status: **Completed**

02 BT Road With Causeway to Ghulam Nabi Motak Goth

- Approximate Length: **4 kilometres**
- Approved Cost: **PKR 67,947,183**
- Tender Rate: 2.00% below
- Status: **Completed**

03 BT Road With Causeway to Muhammad Hirohi Goth and Abdul Ghani Chanal Goth

- Approximate Length: **4 kilometres**
- Approved Cost: **PKR 67,946,922**
- Tender Rate: 2.00% below
- Status: **Completed**

04 BT Road at Ali Rind Goth and Surrounding Areas

Locations include Sasoli Goth, Abdullah Khiazai, Baloch Goth, Qalandarani Goth and Jamia Madrassa.

- Approved Cost: **PKR 39,421,297**
- Tender Rate: 0.50% below
- Status: **Completed**

05 Blacktop Road and Sewerage Works in Hub

Locations include Veterinary Hospital Mohalla, Janglat Mohalla, Soomar Mohalla, Prince Street, Haji Rauf Colony, Moondra Mohalla and Rontha Mohalla.

- Approved Cost: **PKR 19,740,347**
- Tender Rate: 0.35% below
- Status: **Completed**

06 Link Road From Village Allah Bachayo to Village Anton Panhwar

- Contract Value: **PKR 20,000,000**
- Status: **Completed**

07 Reconditioning of Oderolal Qaiser Shah Road to Village Sono Hingoro

- Contract Value: **PKR 12,000,000**
- Recorded Final Work Value: **PKR 11,964,874**
- Status: **Completed**

01 Tuff Tile, Drainage, Sewerage and Streetlights at Zahri Goth

- Location: Hub District Lasbela
- PSDP No.: 5353
- Estimated Cost: **PKR 15,000,000**
- Tender Rate: **0.18% below**
- Status: **Completed**

02 Bhatt Abad Phase II Sewerage and Tuff Tile Work

- Sewerage Line: **1.5 kilometres**
- Tuff Tile Work: **0.5 kilometres**
- PSDP No.: 3982
- Estimated Cost: **PKR 39,604,000**
- Tender Rate: **1.00% below**
- Status: **Completed**

03 Development at Madrassa Qasim Ul Uloom Bawani

Scope included paver blocks, solar lights, water tanks, multipurpose hall and boundary wall.

- Location: **Hub**
- PSDP No.: 5914
- Estimated Cost: **PKR 30,000,000**
- Tender Rate: **0.60% below**
- Status: **Completed**

04 Solar Lights for Rural Communities

Locations include Ali Rind Goth, Abdullah Khiazai, Baloch Goth and Qalandarani Goth.

- Location: **Hub**
- PSDP No.: 5915
- Estimated Cost: **PKR 30,000,000**
- Tender Rate: **0.60% below**
- Status: **Completed**

01 Urban Drainage Scheme at Municipal Committee Hala

Scope included new surface drains, C.C. blocks, 50 BHP pumping machinery, 150 KVA diesel generator and P.E. rising mains at Jat Naka Disposal.

- Contract Value: **PKR 72,502,626**
- Schedule Rate: 25.40% above
- Position Against Estimated Cost: 9.10% above
- Status: **Completed**

02 Drainage Improvement at Bhit Shah and Surrounding Areas

Scope included Type A and Type B surface drains, RCC slabs and paving blocks at Makhdoom Jo Landhion, K.K. Nizamani and Fateh Muhammad Shah.

- Contract Value: **PKR 47,123,136**
- Schedule Rate: 16.60% above
- Position Against Estimated Cost: 5.01% above
- Status: **Completed**

03 Community Tank and HDPE Water Supply Lines

Locations include Jamot Mohalla, Allah Abad Town, Magsi Colony A Town and Jangi Goth to Sawali Goth.

- PSDP No.: **5400**
- Contract Value: **PKR 24,673,460**
- Tender Rate: 0.30% below
- Status: **Completed**

04 Five Solar Bores at Gaddani

Scope included five bores, solar systems, talab, PVC pipes and machinery for drinking water.

- PSDP No.: **5517**
- Contract Value: **PKR 29,254,500**
- Tender Rate: 0.30% below
- Status: **Completed**

The project covered solar water bore infrastructure for MC Hub, Hassan Pir, Sakran and Panyan.

Project Locations

- Goth Haji Habat Khan Marri
- Goth Haji Safar Khan Marri
- Goth Bakhtiar Marri
- Goth Pauyan Sakran
- Goth Ismail Sakran Marri

Civil Work Package

- Accepted Value: **PKR 14,511,900**
- Tender Rate: **2.50% below**
- Status: **Completed**

Solar System Package

- Accepted Value: **PKR 90,655,560**
- Tender Rate: **2.50% below**
- Status: **Completed**

Supply of Pipe Package

- Accepted Value: **PKR 42,846,520**
- Tender Rate: **2.00% below**
- Status: **Completed**

Combined Documented Project Value

PKR 148,013,980

The completed civil, solar and pipeline packages demonstrate Skyline & Contractors' ability to manage a fully integrated water supply project.

The project covered an agriculture bore for drinking purposes at Mamu Hotel and water storage tanks at Sakran in District Hub.

Project Locations

- Ghulam Muhammad Goth Sakran
- Mohabat Khan Zehri Goth
- Muhammad Hassani Goth
- Muhammad Khan Kharani Goth

Civil Work Package

- Accepted Value: **PKR 79,211,875**
- Tender Rate: 2.50% below
- Status: **Completed**

Solar System Package

- Accepted Value: **PKR 36,266,025**
- Tender Rate: 2.50% below
- Status: **Completed**

Supply of Pipe Package

- Accepted Value: **PKR 23,698,680**
- Tender Rate: 2.00% below
- Status: **Completed**

Combined Documented
Project Value

PKR 139,176,580

The completed project combined civil construction, solar power and pipeline supply under one coordinated delivery programme.

**1 Sewerage Line at Ward No. 8 and
Ward No. 15 Pathra Hub**

- Accepted Value: **PKR 7,491,000**
- Status: **Completed**

**2 Sewerage Line at Ward No. 10
Pathra Hub**

- Accepted Value: **PKR 7,482,750**
- Status: **Completed**

**3 Home Solar Systems at Ward No. 3
and Ward No. 6**

- Accepted Value: **PKR 9,975,000**
- Status: **Completed**

**4 Sewerage Line at Ward No. 9 and
Ward No. 11 Pathra Hub**

- Accepted Value: **PKR 9,974,000**
- Status: **Completed**

**5 Sewerage Line at Ward No. 12 and
Ward No. 14 Pathra Hub**

- Accepted Value: **PKR 8,680,860**
- Status: **Completed**

**6 Sewerage Line at Ward No. 2,
Ward No. 4 and Ward No. 8 Pathra Hub**

- Accepted Value: **PKR 11,670,750**
- Status: **Completed**

**7 Blacktop Road at Ward No. 21 and
Ward No. 28 Allah Abad Hub**

- Accepted Value: **PKR 9,076,340**
- Status: **Completed**

**Combined Value of These Seven
Completed Work Orders**

PKR 64,350,700

**8 Sewerage Line at Ward No. 29,
Ward No. 38 and Zehri Street Pathra Hub**

- Accepted Value: **PKR 5,808,690**
- Status: **Completed**

**9 Sewerage Line at Ward No. 5, Ward No. 7,
Ward No. 13 and Ward No. 27 Allah Abad Hub**

- Accepted Value: **PKR 11,690,700**
- Status: **Completed**

**10 Streetlights at Ward No. 37 and
Surrounding Areas**

Locations include Hindu Mohallah, Christian Colony, Guru Nanak Darbar, Firdous Colony and Beront Hub.

- Accepted Value: **PKR 7,782,840**
- Status: **Completed**

**11 Streetlights at Ward No. 17, Ward No. 36
and Ward No. 38**

- Accepted Value: **PKR 5,834,790**
- Status: **Completed**

**12 Sewerage Line at Ward No. 22, Ward No. 24,
Ward No. 26 and Ward No. 31 Allah Abad Hub**

- Accepted Value: **PKR 8,929,415**
- Status: **Completed**

**13 Home Solar Systems at Ward No. 35
and Ward No. 22**

- Accepted Value: **PKR 7,981,600**
- Status: **Completed**

Combined Value of These Six Completed Work Orders

PKR 48,028,035

Total Value of All 13 Completed Municipal Corporation Hub Work Orders

PKR 112,378,735

1 Completed Educational Projects

- Repair of Government Girls Middle School Heda Colony Hub
- Rehabilitation and renovation of Government Girls Primary School Akram Colony Hub
- Construction and repair of Government Girls Middle School Haji Ibrahim Shaikh Hub

2 Completed Road Projects

- Link Road from Village Allah Bachayo to Village Anton Panhwar
- Reconditioning of Oderolal Qaiser Shah Road to Village Sono Hingoro

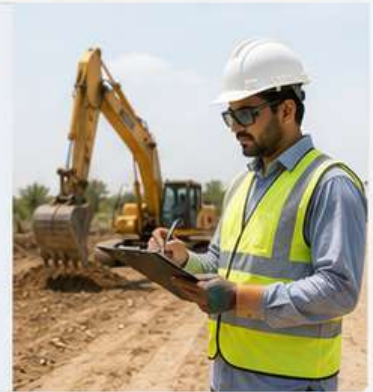

3 Project Execution Controls

- Work order and BOQ review
- Resource and mobilisation planning
- Material procurement control
- Daily site supervision
- Measurement and progress reporting
- Departmental inspection coordination
- Testing and defect rectification
- Completion documentation and handover

4 Quality and Safety Commitment

- Compliance with PWD, PHE and departmental specifications
- Approved material verification
- Site measurements and inspection records
- PPE and toolbox talks
- Responsible machinery operation
- Testing before commissioning

5 Listed Solar and Site Equipment

• Rapid shutdown device

• Combiner box

• DC isolator switch

• Digital multimeters

• DC circuit breaker

• DC contactors

• Mounting systems

• Battery operated drill

• Charge controller

HOW WE WORK

1

Contract Review

We study the work order, BOQ, drawings, rates, quantities and contractual requirements.

2

Planning and Mobilisation

Our team prepares the construction schedule, manpower deployment, procurement plan and site arrangements.

3

Controlled Execution

Engineers and supervisors monitor workmanship, quantities, safety and daily progress.

4

Inspection and Testing

Completed activities are checked and tested in coordination with the responsible department.

5

Completion and Handover

Final measurements, defect rectification, completion records and departmental handover are completed systematically.

WHY CHOOSE SKYLINE & CONTRACTORS

- All listed projects successfully completed
- More than **PKR 1.86 Billion** in documented project values and estimates
- Experience across roads, buildings, drainage, water and solar works
- Ability to manage civil, solar and pipeline packages together
- Registered engineering and taxation credentials
- Experienced management and site execution team
- Strong understanding of government BOQs and billing procedures
- Documented completion and performance records
- Commitment to accountable project delivery
